

## **ELABORATION ON THE COMPANIES AUDITING ADVERTISEMENT**

Recently our Office issued an Advertisement to all Companies owners in Tanzania to file their companies' particulars with us so that we can establish the performing and non performing companies.

We now wish to elaborate that the said particulars are supposed to also state if the relevant company has been filing and actually continues to file its statutory Annual Returns yearly, as the Law requires.

We would like to take this opportunity to thank all those who have already responded, and further requesting them to now inform us of their Annual Returns filing status.

**Following this elaboration it is directed that all the subsequent particulars submitted to us should contain the information on the Company's filing of Annual Returns status.**

It is also generally directed that all the companies which do not file their Annual Returns should now do so parallel with this auditing exercise so as to avoid their companies to be struck off for non performance.

Any inconveniences are highly regretted.
